PAY METER RENT

CITY STILL COLLECTS \$3 YEARLY FOR WATER "MEASURE."

GET ERRONEOUS BELIEF

Many Municipal Aqua Patrons Believe State Changes System—Board to Continue Charges.

A mistaken impression among patrons that hereafter the city would not collect the customary \$3 annual rent for water meters is resulting in no small amount of explanation and loss of time to employees of that branch of the municipal government. The belief first started about a week ago, and seemingly is gaining momentum day by day just as a rolling snowball enlarges.

Despite beliefs to the contrary, however, the city will continue to charge the annual \$3 rent for the water meters, both J. H. Martin, superintendent of the water plant, and M. E. Ford of the board of public works, announced this morning. There has not been any intention of removing the rent on municipal owned meters, it is said.

They Put 2 and 2 Together.

This is how the erroneous impression gained ground here, according to city officials. Recently the state public service commission devised a ruling that would require all public service corporations of this kind to rent these meters free. But the ruling did not pass, so therefore did not become a law. It is not permanently downed yet, however, it is said. This, together with the fact that the Maryville Electric Light and Power company recently removed its rent charges for electric current meters, led many to believe that the city likewise would have to rent the meters free.

As a matter of fact, according to C. C. Hellmers, manager of the light plant, the light company removed the rent and adopted a plan of allowing a 10 per cent rebate on all bills paid within ten days after becoming due, in order to reduce the electric current rates.

The city now has about 900 water service patrons, about 700 of whom rent meters from the city. The remainder either pay a "flat" rate for water or own their own meters. As the meters cost much the city feels compelled to charge for the rental.

FAVORS WORKMEN'S WAGE LAW.

Senator Craig Tells Kansas Citizens Proposed State Act is Good.

At a special meeting of the Commercial club of Kansas City last night to discuss the proposed state workmen's compensation act, Senator Anderson Craig expressed the belief that the law would be a good one and should be enacted. He and two other Missouri betterment leaders spoke relative to the law for workingmen.

In speaking of Senator Craig's speech last night the Kansas City Star says in part:

The principal speech of the night was made by Charles M. Houts of St. Louis, president of the newly organized Employers' association of Missouri. He was followed by Charles S. Keith, president of the Commercial club and Senator Anderson Craig of Nodaway county.

The proposed law, as recommended by a commission of five state senators, would make every employer of three or more persons liable for compensation for injuries to employees. Only domestic help and farm hands are excluded.

Senator Craig scored a laugh when he told the members of the club that he was a farmer and that he "had felt great relief" when he read the act and found that the farmer is exempt under the provisions of the bill.

"Workingmen's compensation is coming," continued Mr. Craig. "The thing to do is to meet it. If the act is not what it ought to be, make it what it should be before the law is passed. Remember, we cannot afford to do an injustice to the workingman. So do not try simply to defeat the entire proposition. Make it the best bill that it can be made and then try to have it enacted into a law."

C. E. CAMPBELL DIES.

To Hold Funeral Services at Pixler Home Friday Afternoon.

Claude E. Campbell, 44 years old, died at 6:30 o'clock last night at his home, on South Davis street. His death followed an illness of two months.

The funeral services will be held Friday afternoon at the home of Mrs. Campbell's father, James Pixler, 420 West Cooper street. It will be conducted by the Rev. R. L. Finch, pastor of the First Christian church.

Mr. Campbell was the eldest son of Mr. and Mrs. A. M. Campbell of East First street. He was born in this city and has spent the most of his life here. He was married nine years ago to Miss Lillie Pixler, who, with his parents, two sisters and two brothers, survive. The brothers and sisters are Mrs. Myrtle Morehouse, H. M. and Robert Campbell and Miss Nelle Campbell, all of this city. A brother, Earl Campbell, died October 3.

MARRIES THIRTY-SIXTH COUPLE.

Probate Judge Makes Record of Last Two Years Even.

With the marriage this afternoon of Loren A. Lewis, 25 years old, to Frances M. E. Hayward, 30 years old of St. Joseph, Probate Judge W. H. Conn, brought the year's marriage record even with that of last year. It was the thirty-sixth couple he has married since January 1, 1914, or the same number as he married in 1913. With slightly more than a day to go yet before the year ends, Judge Conn hopes to break last year's record by at least one.

He is not, however, offering any special inducements to break the record. Last year he married more couples than any other man in Nodaway county, the records of the county show.

Dr. E. C. Braniger is at Rolla, where he will visit relatives until after New Years.

STATE TRIES MANY

ARREST FIVE WOMEN AND 108 MEN IN 1914.

FOUR SENT TO PRISON

Most of Charges Proven, Records Show —Take 48 for Gaming—Collect \$1,225 in Fines.

Although Nodaway county is one of the most peaceful counties of the whole 114 in Missouri and sends few to the state penitentiary for serious crimes, the records of Sheriff Edwin Wallace for the year just closing, show that there were 113 arrests made in 1914 by the county authorities. Of this number five were women and 108 were men. Four of the men convicted were sent to the state penitentiary for terms ranging from two to four years.

Not only does the record show up well all the way through for Sheriff Wallace and deputies. Equal laurels must be paid to Prosecuting Attorney George Pat Wright and Assistant Prosecuting Attorney M. E. Ford, for the ability in handling the 113 charges for the state. These records show that in most of the cases, convictions resulted. A few did plead guilty of their own volition perhaps.

Collect \$1,225 in Fines.

While a large number of those convicted or who pleaded guilty paid the penalty in the county jail, state prison, were paroled or appealed, \$1,225 has so far been collected in fines in circuit court convictions during 1914. This fund is turned over to the county treasury as fast as collected and in turn placed in the permanent county school fund. This fund now amounts to approximately \$150,000. It is placed out on 6 per cent interest and the accruing proceeds distributed among the public schools of the county.

Of the total fine collections of \$1,225, \$1,025 came in forty-one \$25 fines and \$200 in two \$100 fines. Some is yet to be collected. About \$250 has been collected as a result of convictions during the September term of circuit court here, which just recently closed.

Five Women Get in Bad.

Of the five women charged by the state with offenses, one was for larceny, two for selling intoxicating liquors at Conception and two were girls, charged with being delinquent. They were sent to the state industrial home for girls at Chillicothe.

The four men sent to the state penitentiary during the past year were: Frank Sheldon, for stealing chickens; James Stewart, for carnal knowledge; Roy Gunn, for manslaughter and Ned Holmes, for burglary and larceny. Sheldon now is out on parole. All but Sheldon were convicted or pleaded guilty during the September term of court.

Three residents of Nodaway county were adjudged insane and sent to state institutions for those afflicted in that way. Nine of the 113 arrests during the past year, were charged with having operated motor cars without a state license number. All were taken in "tow" last April, as the result of a campaign conducted at that time. They had been running a car for about two months in violation of the state law.

More Gambled.

The 113 arrests were divided as follows:

Gaming, 48; larceny, 7; selling liquors, 5; disturbing peace, 5; assault, 6; burglary, 3; manslaughter, 2; forgery, 1; bigamy, 1; arson, 1; carnal knowledge, 2; wife abandonment, 3; stealing horses, 1; carrying concealed weapons, 1; investigation, 2; violating parole, 1; operating gaming house, 1; violation of oath, 1; selling stolen goods, 1; obstructing public road, 1; selling mortgaged property, 1; obtaining money falsely, 2; insane, 3; obtaining board and room with intent to defraud, 2; delinquent girls, 2; driving auto while drunk, 1; operating auto without number, 9.

568 WOULD MARRY

RECORDER WRAY ISSUES 284 PERMITS LAST YEAR.

AGES RANGE 16 TO 72

Young and Old Come From Several States for Wedding Grants—Increase of Nine Over 1913.

While Maryville is not a Gretna Green by any means, nor does it make that boast, yet the records of Recorder of Deeds J. Arthur Wray show that from January 1, 1914, to December 29, 1914, he issued marriage permits to 284 couples. They came from Iowa, Kansas, Missouri, Illinois and several other central west states. This is an increase of nine over the business of 1913, with three more days yet left within the year.

The records show that June, despite beliefs to the contrary, is not the best month for Daniel Cupid, Esq. Instead, February, January, March and December, all cold winter months, when love is supposed to be more dormant than at any other times, has been found more profitable this year here for D. Cupid. But it is noticeable the last year that during the summer months the marriage business does fall off perceptibly.

Marry at All Ages.

In ages there is scarcely a limit. Many of the brides have scarcely reached the age of 16, while some of the elderly give ages ranging between 65 and 70 years. One marriage license was granted this week to a Maryville man who is 72 years old, and who got his bride by means of a want ad in a newspaper.

Only recently, too, a man 69 years old and a woman 67 years old were granted a license and were married here, who both were of the same name—LaFollette. They grew up together in Ohio, and the woman in the case changed her surname first to his name by becoming married to his cousin. When he died she naturally turned to the cousin of like name. He is related to Senator Robert M. LaFollette of Wisconsin.

Ask at Postoffice for License.

The marriage business has brought in \$274 this year to Recorder of Deeds Wray, the charge being \$1 for each license. County Clerk George W. DeMott and Probate Judge W. H. Conn also have had several chances the last year to make a few dollars on the marriage license business, but not being supplied with the requisite material, were compelled to turn over the transactions to Wray.

Several couples also have gone to the city hall within the last year for a permit to wed. Chester Bennett, city clerk, and Mayor U. S. Wright likewise being without the necessary legal instruments, turned the voluntary business over to Wray. One couple even inquired at the postoffice early in the year for a marriage license, it is said, the window being marked "general delivery."

The business of the year by months was divided as follows: January 26, February 31, March 26, April 22, May 17, June 22, July 15, August 17, September 25, October 23, November 32, December 30.

SUES HARDWARE MAN FOR \$422.

Implement Firm Alleges Peter Pfeifer, Conception Junction, Owes on Notes.

A suit on three counts for the collection of \$467.47 on three promissory notes alleged to have been given more than a year ago, and for \$44.90 on account was filed in circuit court this morning by Parlin-Orendorff & Co., implement manufacturers, against Peter Pfeifer, a hardware dealer of Conception Junction. The petition alleges \$185.47 together with interest due on one note, \$192.50 on another, and \$99.50 on the third note.

THIEF SUPPLIES HIMSELF

Clyde Burglar Takes \$60 Worth of Cigars, Tobacco and Candy.

The cigar and confectionery store of Mrs. F. Luebcke of Clyde was entered last night and a supply of cigars, cigarettes and candy stolen. The burglar also remembered to tap the cash till and took from it the contents which amounted to about \$1.50. Entrance was gained by forcing in the front door.

The amount of goods stolen aggregate about \$60. No trace of the burglar has been found. Mrs. Luebcke closed the store, which is a combination butcher shop, restaurant and confectionery, about 8:30 o'clock Monday night. The burglary was committed between that time and the opening hour of 6 o'clock this morning.

Vienna, Dec. 30.—The Austrian troops have been withdrawn along the entire east front in Galicia, it is announced unofficially.

FILES SUIT FOR \$181.

William Colburn Says Richard Neeley Owes for Board, Laundry and Work.

An accounts suit for \$181.65 was filed in circuit court yesterday by William Colburn against Richard Neeley. He asks for \$120 for furnishing board and laundry to Neeley, \$58 for meals to Neeley's farm hands and \$11.40 for labor performed for Neeley. He deducts \$8.55 which he says he owes Neeley for hay purchased of him some time ago. The alleged account dates between last March and this month.

Went to 5 Degrees Below.

A minimum temperature of 5 degrees below zero and a maximum temperature of 20 degrees was registered by the government thermometer kept by J. R. Brink, for the twenty-four hours preceding 7 o'clock this morning. A slight rise has resulted, however, since the reading, probably bringing the temperature at noon today to about zero.

RUSH TO PAY TAX

CITY AND COUNTY COLLECTORS ARE NOW BUSY.

EXCESS BEGINS FRIDAY

Tardy Property Owners Must Add 1 Per Cent as Penalty After Tomorrow—Total is \$343,995.48.

With but one more day intervening before a 1 per cent penalty will be added, property owners of Nodaway county are thronging the offices of the city and county tax collectors today in an effort to escape the excess charges. Until the last few days the payment of taxes, both city and county, has been slower than ever before, officials say. Everybody seemed to want to hold on to the money just as long as possible.

But with the knowledge that only a day intervened between several extra dollars in the pocket and several extra dollars in the city or county treasury, folks with real or personal property began to awaken, don their straight jacket and hie away to pay their fees to live and thrive. As a result, Deputy City Collector Harold Sealeman is the busiest city official this week, and County Treasurer W. R. Tilson and the various township collectors are some of the busiest humans of all Nodaway.

City Gets \$14,005.

Of course, it is not to be mistakenly understood that persons with a little property are waiting in lines several blocks long and for hours at a time in zero weather in order to contribute to the county or city. It is not so. They come dribbling in and go dribbling out, but there is no stampede. Such is expected in a light form, however, tomorrow, the final judgment day in tax payments.

Maryville should receive a total tax of \$14,005.32 this year. Of this amount \$7,973.64 is on real estate, \$5,227.01 from personal holdings and \$804.67 from stocks of goods held by merchants. This is a total increase over last year or nearly \$600. Of the total amount, however, probably not more than two-thirds has been paid yet, it is said. Only half had been paid a couple of days ago.

How Tax is Divided.

Nodaway county should receive a total of \$329,990.16 this year in taxes, so with the \$14,005.32 the city is to receive individually, Nodaway county should take in a total of \$343,995.48 in taxes this year.

The county tax is divided as follows: Real and personal \$291,897.03 Public utilities 31,078.67 Merchants' special tax 7,013.94

Total county tax \$329,990.16

It is believed fully two-thirds of the county tax is now collected by the fifteen township collectors and the county treasurer, who receives the merchants' occupation levy.

The first penalty of 1 per cent of the tax on tardy taxpayers becomes effective Friday morning, January 1. An additional penalty of 1 per cent will follow the first of each month until paid.

Court Toel of Little Rock, Ark., who has been visiting his parents, Mr. and Mrs. J. W. Toel since Christmas, left this morning for his home.

MISSOURI TWO-THIRDS DRY.

Seventy-Six Counties Have No Saloons and 11 Fewer Than 10 Each.

There are seventy-six counties in Missouri in which there are no saloons. In thirty-eight counties and the city of St. Louis, licenses are issued. Although twelve counties voted out dramshops since July 4, 1912, there were 105 more saloons in the state July 4, 1914. The total number of licensed dramshops on the last date given were 3,968, or the exact number that were licensed one year previous.

These figures are a summary of official reports received by the state auditor, with the exception of Randolph county, which has not reported.

St. Louis licenses number more than three-fifths of the dramshops in the state, 2,399. Kansas City comes next with 588. St. Louis county has 179; Buchanan, 181; Jasper, 53, and St. Charles 48.

In 1914 the saloons paid the counties \$1,943,563 and the state \$1,025,119.68, making a total of \$2,968,682.68.

The following shows the number of licensed dramshops in each county:

Audrain, 4; Barry, 6; Bates, 6; Benton, 3; Buchanan, 181; Butler, 23; Callaway, 3; Cape Girardeau, 20; Clary, 5; Cole, 28; Cooper, 11; Franklin, 32; Gasconade, 16; Greene, 30; Henry, 3; Iron, 2; Jackson, 588; Jasper, 53; Jefferson, 42; Lafayette, 22; Lincoln, 2; Linn, 6; Marion, 46; Morgan, 2; Nodaway, 2; Osage, 18; Pemiscott, 13; Perry, 21; Pettis, 29; Pike, 8; Platte, 10; Ralls, 4; St. Charles, 48; St. Francois, 27; Ste. Genevieve, 20; St. Louis, 179; Scott, 28; Warren, 13; St. Louis city, 2,399.

A list of the dry counties up to date is here given. To this is added Audrain and Monticau counties, which have voted out saloons since the official report was made to the state auditor. Randolph county is not included in this list, although it did not file a report with the auditor, as required to do, and does not show up in the total figures concerning the revenue receipts from dramshops. It, however, has licensed saloons. The dry counties are:

Adair, Andrew, Atchison, Audrain, Barton, Bollinger, Boone, Caldwell, Camden, Carroll, Carter, Cass, Cedar, Chariton, Christian, Clark, Crawford, Clinton, Dade, Dallas, Daviess, DeKalb, Dent, Douglas, Dunklin, Gentry, Grundy, Harrison, Hickory, Holt, Howard, Howell, Johnson, Knox, Laclede, Lawrence, Lewis, Livingston, McDonald, Macon, Madison, Maries, Mercer, Miller, Mississippi, Monticau, Monroe, Montgomery, New Madrid, Newton, Oregon, Ozark, Phelps, Polk, Pulaski, Putnam, Ray, Reynolds, Ripley, St. Clair, Saline, Schuyler, Scotland, Shannon, Shelby, Stoddard, Stone, Sullivan, Taney, Texas, Vernon, Washington, Wayne, Webster, Worth, Wright.

FRENCH TAKE HALF MILE OF TRENCHES

Drive Germans From Trenches at
Point of Bayonet.

Arras, Northern France, Dec. 30.—That portion of the French army which is holding the lines near Arras attacked the Germans on a front twelve miles long. They carried half a mile of German trenches near Lens by assault, and they are holding these positions in force.

The way for this attack was prepared by violent artillery and machine gun fire, which swept the German positions from a point to the north of Lens to the suburbs south of Arras. The German batteries everywhere replied heavily to this French fire.

While the Germans were thus engaged along the entire line of this part of their defense works, the French five opposite Lens suddenly ceased. Instantly French infantrymen leaped from their trenches and charged the German positions, which were from 100 to 200 yards distant. A brief and furious bayonet encounter brought victory to the French. The Germans were routed and the French occupied the German diggings.

BANK ROBBER CAUGHT

Cashier Carried Screwdriver and Makes Way Out of Vault.

Bingham, Utah, Dec. 30.—A man who gives the name of Bert Heasted held up Cashier Earl Randall, two men and a boy at the Bingham State bank, took \$18,000 in gold and currency and was arrested without resistance soon afterwards.

His quick capture was due to the fact that the cashier carried a screwdriver in his pocket to be used, he said, in case he were held up and locked in the vault, as was done with the cashier in another Utah bank robbery recently, and as was done with himself.

Heasted was dressed as a miner and entered the bank without arousing suspicion. He made the three men and the boy in the bank lie on the floor, bound them, locked them in the vault and then took the money. Randall used his screwdriver to open the vault from within and was able to escape and give the alarm in a few minutes. Policeman J. H. White overtook Heasted, arrested him without trouble and found all the money in the man's clothing. Heasted says he came to Bingham from Colorado about a month ago.

DOWN WITH ALL ENEMIES, SAYS KAISER

Berlin, Dec. 30.—Emperor William's Christmas celebration at the German military headquarters is described in the Koelnische Zeitung, which says a large number of officers and soldiers attached to the headquarters participated in the festivities. The emperor, on entering the room, greeted the soldiers with "Good evening, comrades."

After a short sermon had been delivered Emperor William made the following speech:

"Comrades, we are here assembled in arms to celebrate the holy festival, which otherwise in peace we would be celebrating at home. Our thoughts go back to those whom we have left at home, to whom we owe all the presents on the tables before us."

"It has been permitted by God that the enemy should force us to celebrate Christmas here. We have been attacked. We defend ourselves with God's help. We hope that for us and our country rich victory may spring from the hard fight."

"We are on hostile ground. The point of our sword is directed against the enemy, our hearts to our God. We say as once the great elector did 'down with all enemies of Germany!' Amen."

DRAINAGE HEARING STILL ON.

Evidence in Nodaway River Case is Being Heard Yet Today.

The hearing of evidence in a suit for \$5,000 by Sternberg & Son of Kansas City against Nodaway Drainage district No. 2 and of the drainage district against Sternberg & Son for \$6,000 damages, which was begun before Special Referee P. C. Breit, in circuit court Monday afternoon, was still on late this afternoon.

NEW YEAR'S WEATHER.

It Was Not Always Thought Well to Have Sunshine at Year's Beginning.

While we are naturally glad to have pleasant weather at any and all times, it would appear from many old proverbs that it is not a blessing in mid-winter, and the "wisdom of ages" admonishes us thus:

January warn, the Lord have mercy!
If you see snow in January,
Lock your grain in your granary.
January blossoms fill no man's cellar.
January wet,
No wine you'll get.
Green New Year, full graveyard.

Weather indications have always been watched on New Year's eve and the signs believed and acted upon in good faith. Centuries ago our druid ancestors observed New Year's day by wonderful religious and mystical ceremonies, and the Saxons made of it a grand festival, with feasting and merry-making and exchange of gifts. In England the day has always been one of gift making; tenants make presents to their landlords, loyal subjects to their sovereigns and friends exchange souvenirs, as we do at Christmas. The custom was brought to this country, and many of us can remember when young men and maidens got up early on the first day of the year and went out in merry companies, from door to door, bearing lively greetings to the neighboring households.

CALLING OUT OF VOGUE.

Cordial Old New Year Practice Has Almost Entirely Died Out.

New Year's day itself is celebrated quietly nowadays. The old custom of receiving calls that used to be in vogue when our mothers were young has never been revived, and the size of our cities and the enormous proportions to which even a quiet woman's visiting list will grow with even the slightest encouragement make it seem unlikely that this cordial old practice will ever again be in vogue.

Many people, however, send New Year cards to their friends, wishing them health, happiness and prosperity, and young men, especially those who have been the recipients of hospitality, send their women friends a bunch of roses, a box of candy or a new book, with the best New Year wishes. This plan is often adopted by men who wish to pay small courtesies to their friends. Instead of sending Christmas presents, for New Year gifts do not carry with them any obligation of a return favor, as Christmas remembrances are sometimes supposed to do.

NEWS FROM FRONT DWAFFED

Both French and German Accounts of Fighting Are in Direct Conflict, Both Claiming Gains—Russian Successes Are Reported.

WAR BULLETINS

Details of the fighting in the east and in the west are even more lacking than ever in the official statements issued by the respective governments. In Belgium both French and Germans claim to have gained ground near Nieuport and at other points along the extended front.

In Poland, the progress of the battle has not been defined. The German official press bureau intimated that the Austrians in Galicia will have to make new dispositions, owing to the strengthening of the Russian forces there. The bureau admits that the extreme left wing of the Russians is proving itself superior to its opponents.

London, Dec. 30.—The Washington note protesting against the British treatment of commerce and insisting upon an early improvement came as a complete surprise to the British public, as there had been virtually no intimation that any friction had arisen between the two governments.

The placards posted by the evening papers were given over exclusively to the American note, and the papers gave it the largest headlines they have given any war news during the last month. Consequently the British people regard this as one of the most important occurrences of the whole war. Nothing of the kind since President Cleveland's Venezuelan message has produced such a sensation.

The first impression of the public is that the note may create friction and perhaps some unfriendly feeling, although the newspapers point out that it specifically states that the representations were made in a friendly spirit. The situation is comparable to that which arose at the time of the South African war, when neutral shippers began to send cargoes intended for the Transvaal republic to the neutral port of Delagoa bay.

Fighting Slackens.

Even the war news was allotted a secondary place to the note in the news columns of the papers, although that coming from the Russian front was highly gratifying to the allies. There has been a slackening of the fighting in northern Poland between the lower Vistula and Pilica rivers, where the Russians have captured some German trenches, prisoners and guns—an indication, it is believed here, that the German frontal attack on the army guarding Warsaw has been definitely checked.

In southern Poland the Russians also record some successes, while in Galicia they have apparently inflicted a defeat on the Austrians almost as serious as that which Emperor Francis Joseph's troops suffered in Serbia.

Russ Take Many Prisoners.

Since their latest offensive commenced the Russians have taken 50,000 Austrian prisoners and captured many guns, according to the Russian official reports.

Of the fighting in the west the French and German reports are in direct conflict. The French claim to have occupied the village of St. Georges, which is on the main road between Nieuport and Brages, and two miles from the former town. On the other hand the German report says, "we have gained some ground near Nieuport."

Heavy fighting is also taking place in the Argonne and on the heights of the Meuse. The French report apparently refers to later events than those recorded in Berlin, for Paris tells of the recapture of a trench which the German communication mentions as having been completed by the Germans.

Bullet Intended For Woman Kills Girl

Millville, N. J., Dec. 30.—The mystery surrounding the killing of Beatrice Bailey, six years old, who was struck by a bullet that came through a window at the home of her grandmother at Buckshtutem, where she was spending the holidays, was cleared up when George Hann was arrested and confessed that he had accidentally shot the child while trying to kill his sweetheart.

Oklahoma Bank Robbed.

Carney, Okla., Dec. 30.—Two men held up the Carney State bank, securing \$2,000. Two bank officials and three customers who were in the building when the robbers entered were compelled to march with the bandits a quarter of a mile from town where the two climbed into a waiting conveyance and escaped.

MANY PREMIUMS AT CORN SHOW.

Farmers' Week at the University of Missouri, Jan. 11-15, Will Have Many Attractions.

There's a big bunch of valuable premiums awaiting the winners of many classes in the Missouri State Corn Show at Columbia, January 11-15 during the Farmers' Week at the University of Missouri. The official premium lists are now being sent out to applicants by C. B. Hutchison of the College of Agriculture.

In the several classes of white and yellow corn, the state has been divided into two sections, the northern and the southern. There are also classes for other than yellow and white corn. The premiums offered for the three bushel classes and the champion bushel are farm implements valued at from \$35 to \$120. Cash premiums are offered in the men's and boy's acre yield contests.

For the boys between 10 and 18 years old, there are several classes and a number of prizes, some of them cash. There's a chance for some Missouri farm boys to win valuable premiums by exhibiting their corn at this show. In the small grains division there are prizes for wheat, oats, cowpeas, soybeans, and alfalfa, clover and timothy seed. The best exhibits of the whole show will be taken to the Panama-Pacific Exposition at San Francisco.

A large number of farmers are expected at Columbia during the Farmers' Week. Last year there were more than 2,600, and there ought to be more this year. Missouri has about the largest attendance at her Farmers' Week of any state in the union. The week, including the short courses and the banquet is under the management of the College of Agriculture of the University of Missouri and the State Board of Agriculture.

MISSOURI WOMAN IS WELL AND HAPPY AFTER HEALTH MIRACLE

**She Leads Active Life in Country After
Recovery by Using Remark-
able Remedy.**

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to be about.

She took Mayr's Wonderful Stomach Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives out on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Stomach Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spoli-

I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid.

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Just such happy stories are told by thousands who write after taking Mayr's Wonderful Stomach Remedy. The first dose convinces.

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold here by Pearson's Pharmacy and druggists everywhere.

The Old Year.

OLD year, you are 'nough,
And you slip from us now,
While we look to the new
That is making its bow
With the hope it will bring
Us the joys that we crave
And the welcome bells ring
While you go to your grave.
Ah, what is this life
But a year when all's said,
Joy, anguish and strife
And the tears that we shed?

Old year, in your days
We have laughed with delight
And have danced in the haze
Of your glorious light.
Many songs we have sung,
And our dirges we've played,
And our hearts have been wrung
When our loved ones we've laid
Cold and still in the ground.
We have sorrowed and wept
As we stood by the mound,
But our trust we have kept.

Old year, in your days
There was happiness too,
On our varying ways
Blossomed roses and rue.
There were pleasures and pain,
There were struggles and strife,
There were both loss and gain
In the round of your life.
But in summing it up
As you slip from our hall
You poured in our cup
More of sweet than of gall.

A mixture of sweet
And of bitterness, too;
Some tasted defeat;
Successes some knew,
And that is our life,
When it's all said and done,
And a portion of fun,
Oh, may it be chanted
Of me when I'm through
He lived and he planted
More roses than rue!

What the Press Urges.

The newspapers of Missouri will ask the legislature to protect the interests of all the commonwealth more fully by requiring that greater publicity be given those undertakings which become a matter of permanent record.

Tax sales, assessments, and similar official affairs should be more widely advertised than is now required by law the press of the state maintains. The statutes governing these phases of official publicity were formulated years ago, when the population of the state was comparatively small and the means provided for acquiring the public with its own business were adequate. The people have outgrown these methods, however, as they have outgrown about every other practice formerly in vogue. The laws touching other matters have been brought up to date. Only the plan for publicity of the people's official business is untouched.

It will be much to the credit of the new legislature if it orders the betterment proposed in this field. Of course the newspapers of the state will profit by the change but the general public will be held to a far greater extent.

SEA SEIZURES HIT PACKERS

Wilson's Note to Britain of Deep Interest to Meat Industry.

MANY MILLIONS DETAINED.

Vigorous Protests Made Against Interference With Commerce—Senator Walsh Presents Resolution Calling For Record in Contraband Seizures

Washington, Dec. 29.—The administration has finally notified Great Britain that the seizure of American ships carrying cargoes of foodstuffs and other supplies for neutral points must cease forthwith.

Recently representatives of Chicago and Omaha packers spent two weeks here in an endeavor to get action by the state department, or some assurance from the British embassy, as to protection to their consignments when shipped in neutral bottoms to neutral ports. It is said nearly \$12,000,000 worth of foodstuffs, principally beef and pork products, have been detained by the British authorities and in several instances prize courts have been ordered.

The action of the administration was taken only after a careful consideration of all the facts covering a period of several weeks, and after the strongest sort of representations had been made not only by the parties directly interested, but by members of the house and senate, who proposed a congressional investigation of the complaints against Great Britain.

The British ambassador has insisted that his government has no desire to interfere with the commerce of the United States, but, on the contrary, desires to encourage it, but in spite of this assurance the seizures have continued day after day until at last it is said that there is a movement of foot among the combined packers of the country to refuse all orders for shipment to any European ports until assurances were obtained from the state department that neutral cargoes would be respected.

When the senate convened Senator Walsh introduced a resolution calling on the president, if not incompatible with the public interest, to submit to the senate copies of all correspondence with representatives of foreign nations with relation to the seizure by European belligerents of shipments of American copper consigned to neutral countries.

UNION PACIFIC CASE IS UP

General Solicitor Loomis Appears Before Senate Committee.

Washington, Dec. 29.—N. H. Loomis, general solicitor of the Union Pacific, appeared before the subcommittee of the judiciary committee of the senate, composed of O'Gorman of New York, Cummins of Iowa and Brandegee of Connecticut, in relation to the so-called Norris bill, which forfeits a large portion of the right of way of the Union Pacific to settlers. Senator Norris was also present at the hearing, as was T. J. Nolan and Captain Wanzor of Omaha.

Senator Norris stated that he did not desire to be heard on the bill at present, but suggested that parties interested wished to be heard, which brought forth a statement from Senator O'Gorman that they might file briefs with the right to be heard orally if they so desired.

Mr. Loomis presented the case for the Union Pacific Railway company and argued that congress had no power to take from the company the right of way which it had granted as a condition of building and operating the road.

VILLA SAYS HE WILL PROTECT FOREIGNERS

Conspirators Must Be Treated With "Severity."

Mexico City, Dec. 30.—When the matter of frequent executions and the lack of personal guarantees were brought to the attention of General Villa, he made the following statement:

"Many foreigners have lately asked me for personal guarantees. I am disposed to make every effort to give these.

"Regarding the present executive of the nation, I regret to say that conspirators are endeavoring to take advantage of his sincerity and honesty. What I will have to do is to treat this element with severity.

"The country needs prudence at the present time. It also needs energetic measures. As soon as these matters are attended to I will proceed to direct the campaign for the capture of Tampico."

General Villa signed the statement.

CAUGHT IN GRAND JURY NET

Terre Haute Comptroller and Three Other Men Arrested.

Indianapolis, Dec. 30.—Four more men, including E. F. Talbot, city comptroller of Terre Haute, and George Ehrenhardt, a member of the Terre Haute board of public works, were arrested at Terre Haute by federal authorities on the indictment returned Dec. 23, charging conspiracy to corrupt the election of Nov. 3 last. The arrests bring the total made since the dragnet was set Christmas night to 160.

Hilton Redman, an attorney, and son of Circuit Judge Eli H. Redman, who was arrested and released on \$10,000 bond Saturday, surrendered to the federal authorities, and the fourth man taken into custody was Frank Kiser, a saloon keeper, who was released on \$2,500 bond.

Tampico Railroad Blocked.

Laredo, Tex., Dec. 30.—Troops believed to be operating under General Villa's orders, according to dispatches received here, wrecked a passenger train and blocked traffic on the Tampico division of the Mexican railroad 125 miles west of Tampico. The only foreigners on board, an American and wife, were treated courteously.

GERMANY WILL NOT PRESS ITS REQUEST

Washington, Dec. 30.—There is no disposition on the part of Germany to hurry its request for the cancellation of exequaturs held by neutral consuls in Belgian territory under German military rule, according to state department officials. The German note was sent by mail to the Washington government, which will consider the subject at length before making a decision.

It is generally understood that the United States will avoid any action which might be considered a political recognition of the German possession of Belgium.

Why Do You Buck Prosperity?

It is inconceivable that any merchant or manufacturer should cease—or even curtail—his advertising just when the country is on the threshold of a tremendous double harvest—the natural harvest of our own unprecedented crops and the logical harvest consequent on the war in Europe.

It is under such conditions as these that advertising reaches the zenith of its power. The man who listens to the yellow pessimist and sits back to "wait for things to settle down," is yielding his common sense to the baleful influence of idle sentiment, and actually starving the goose that lays the golden egg.

To all my clients I have sent this definite, uncompromising and cheerful message: "Keep the columns of the daily newspapers bristling with your announcements and thus open wide your doors for the flood of prosperity that is bound to rush in. Make hay while the sun shines. We won't have another chance like this in a hundred years."

I have noticed with a feeling of profound disgust the conservatism and business cowardice that

have set in America since the Kaiser threw down the gage of battle. We, the very people who will logically profit by the war abroad—and profit immeasurably—are acting as though we were at war ourselves. We are talking blue things, pinching the pennies, cutting down our advertising and forcing prosperity to stand back.

As a matter of fact this is the very hour when we should rush into print to a greater extent than ever before because unless the earth opens and swallows us up, there will be greater prosperity in America this fall than ever in the history of the Republic. We are not at war. We are not likely to be. The warring world looks to us for its supplies and we can't keep prosperity down no matter how hard we try.

If my advice is worth anything to you business men, it is here conveyed to you in six words: ADVERTISE NOW AND NEVER LET UP.
